LIGHTS & ACCESSORIES

DRIVING LIGHTS FOG LIGHTS HEAD LIGHTS LIGHT BARS OFF ROAD LIGHTS

When it comes to Jeep lighting, JC Whitney carries a large variety of products that give you high-performance lighting options both in light intensity and diffusion. Products that help you on your on and off-pavement travels with a brighter light that draws less power and are more efficient than ever before. They also throw a more focused beam, and have a quicker response time, which all adds up to a higher safety rating.

OUR TOP BRANDS...

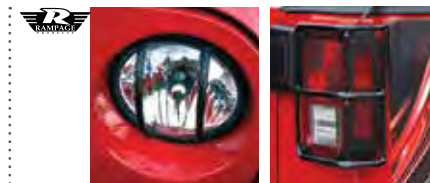

LIGHTS & ACCESSORIES

CROWN REPLACEMENT LIGHTS

Direct Replacement lights for headlights and taillights. Produces brighter light with their unique lens. Installs easily in minutes with no cutting or splicing of factory wiring. Includes bulbs and wiring. 1 year or 12,000-mile Crown limited warranty.

RAMPAGE LIGHT PROTECTION

Light Guards protect your lights with sleek, stylized, distinctive, durably designed headlight and taillight guards. Easy, no drill installation; all necessary hardware included.

KC HILITES GRAVITY LED HEADLIGHTS, DRIVING LIGHTS, FOG LIGHTS AND OFF-ROAD LIGHTS

KC's patented Gravity Reflective Diode (GRD) technology combines all the benefits of LEDs such as power efficiency and output, digital fabric and solid state rigidity with the use of precision machined optical reflectors. LED light output is maximized, allowing for more distance and usable LED light.

ANZO LED LIGHT BAR

Take your lighting system to the next level with LED Off Road Light Bars. Rectangular cast aluminum housings offer a rugged, distinctive style, expanding your field of vision with high intensity LEDs. Universal fit; mounting hardware included.

SPYDER JEEP WRANGLER TAIL LIGHTS

These tail lights will greatly enhance the look of your Jeep. Their tail lights are made in high quality materials to ensure appearance, durability and fitment. You will have a new Jeep look and stylish at the same time.

A soft top keeps you comfortable in all types of weather. JC Whitney has soft tops in a wide variety of styles to choose from. These various tops are engineered for whatever environment you're taking your Jeep, as well as fitting your life style. Some options include: tops to replace your old, worn one; Summer Tops in mild weather for protection from the heat of the sun, but still keeping an open air feel; Bikini Tops for minimal coverage and allowing full air circulation. Finally, if you're hitting the trails in warmer weather, but want to keep your interior free of dirt and dust, consider a Windjammer and cargo cover. Off-road adventure!

OUR TOP BRANDS...

SOFT TOPS

BESTOP SOFT TOPS

Bestop offers a great range of products for anything from the older-model Jeeps to the more-recent Wranglers. All accessories come with carefully-prepared, highly-detailed, and illustrated instructional guides to make set-up easy. The following are just some of the more popular Jeep soft tops you can choose from: REPLACE-A-TOP, SUPERTOP NX, SUNRIDER, TREKTOP NX and TREKTOP PRO.

RT OFF-ROAD SOFT TOPS

RT Off-Road offers a complete line of premium-quality soft tops for a large selection of Jeeps. They're precision made for a precise fit and are designed for many miles of all-weather protection. Easy to install and remove and it will give you the stylish or rugged look you are looking for. The following are just some of the more popular Jeep soft tops you can choose from: COMPLETE SOFT TOPS, REPLACEMENT SOFT TOPS and BOWLESS SOFT TOPS.

RAMPAGE SOFT TOPS

Make your ride new again with a factory replacement soft top by Rampage. Rampage soft tops are designed utilizing the industry's finest materials for longevity, style and perhaps most importantly for you enthusiasts out there – functionality. Whether you are looking to make a completely new ride or convert to an open environment in just minutes, Rampage has the softtop you are looking for! The following are just some of the more popular Jeep soft tops you can choose from: TRAILVIEW, TRAIL TOP FRAMELESS, REPLACEMENT SOFT TOPS and COMPLETE SOFT TOPS.

SOFT TOP ACCESSORIES

REPLACEMENT TAILGATE BAR KIT

Replace worn out or damaged factory tailgate bars. Designed to OE specifications, Replacement Tailgate Bars offer a perfect fit on factory original soft tops or on replacement tops. Replacement kit includes tailgate bar and two retainer mounts.

SOFT TOP WINDSHIELD CHANNEL

Windshield Channels are required for installation of most OEM soft tops and Bikini Tops. Replace your old, worn out or leaky channel easily. Most windshield channels utilize a clamp system that self adjusts as you tighten, so no adjustments are necessary. Installation is simple with no drilling required.

ROLL BAR PADDING AND COVERS

Give your Jeep a face lift as well as a safety boost with a roll bar cover kit. Installs with zippers and hook-and-loop attachments. Made of premium automotive grade materials and trail-tested and endorsed by Jeep enthusiasts worldwide.

TIRE COVERS

Full-perimeter elastic banding for tight, smooth fit. Variety of different tire size diameters available: small 28" x 8"; medium 29" x 9"; large 30" x 10"; X-large 31" x 11"; XX-large 33" x 13"; X-large 35" x 14".

REPLACEMENT UPPER & LOWER SOFT DOORS

Replacement Upper & Lower Soft Doors feature the same as factory fabric with matching factory colors. Included vinyl windows meet DOT standards. Kit also includes door frames and fabric.

REPLACEMENT SOFT TOP HARDWARE

Replaces original equipment for 87–95 Wrangler and includes all metal components except half-door retaining channels. Also includes vertical windshield inserts, tailgate bar and adjustable spreader bar. Powder coat finish for long life.

REPLACEMENT TINTED WINDOW KITS

Made to OEM specifications, these three-piece window kits are a perfect replacement to factory original clear windows, and help to reduce heat build up with a moderate tint. Kits available in charcoal, almond, spice or black denim.

DOOR SURROUNDS

Factory-Style Door Surrounds, fit and install as OEM original surrounds. Lets you enjoy the outdoors while keeping you dry by giving your softtop a nice tight door seal.

Suspension upgrades range from subtle to extreme. If you're just going for a little off-road fun, you may not need much lift but if you plan on taking on rocky, rugged terrain you'll want plenty of clearance. JC Whitney provides a wide variety of options to suit your off-road needs. We have a huge selection of lift kits, suspension components and shocks to give you the perfect amount of height that you're looking for. Finish it off with some tough tires to crush everything in their path and you'll be ready for your off-road adventure!

OUR TOP BRANDS...

LIFT KITS

RANCHO LIFT KITS

Rancho Suspension Systems raise the stock suspension for better clearance during heavy trail riding or obstacles. These kits have a precise fit, and can be easily aligned to OE specs. Kits come with limited lifetime warranty. Shocks not included so you can choose the right shock for your performance needs. Add some large tires and separate yourself from the others!

TERAFLEX

TERAFLEX LIFT KITS

Install a suspension lift kit from TeraFlex to give your Jeep the raise it needs to clear obstacles and go deeper into the woods. Choose from a wide variety of lift kits, ranging from budget lift kits to high-speed Pre-runner performance lift kits, to get the right amount of lift for your rig.

SKYJACKER

SKYJACKER LIFT KITS

Skyjacker's suspension lift kits are the top-notch way to lift your Jeep, allowing you enough clearance to run bigger tires and attack the trail and the streets with ease. Won't affect Jeep's factory ride quality and will give your vehicle a more aggressive stance.

PRO COMP

PRO COMP LIFT KITS

Pro Comp's suspension lift kits are the best and easiest way to raise your truck in both the front and the rear for better performance on the trail, adding bigger tires and/or simply for aesthetic purposes.

SHOCKS

PRO COMP SHOCKS

Pro Comp's shock absorbers are the best way to ensure a smooth, comfortable highway ride without compromising stellar off-road performance – while ensuring maximum performance under heavy load. Backed by the manufacturer's lifetime guarantee against defects and workmanship.

RANCHO SHOCKS

Rancho's advanced line of shocks are ideal for on and off-road use, towing, hauling and more while providing the flexibility to run larger tire and wheel combinations. Covered by Rancho's Ride Guarantee and Limited Lifetime Warranty. JC Whitney carries RS5000X, RS7000MT and RS9000XL series.

SKYJACKER

SKYJACKER SHOCKS

Skyjacker's shock absorbers are without question the best way to improve your vehicle's shock absorption and performance – and look good too. Heavy-duty material outlasts factory shocks. The Jeep enthusiast now can conquer the great outdoors and enjoy what it has to offer safely and successfully.

STEERING STABILIZERS & COMPONENTS

RANCHO STEERING STABILIZER

Rancho's Steering Stabilizers are a simple and affordable way to enhance your Jeep's performance. They are ideal for on and off-road driving, towing and street applications reducing wheel shimmy, bump steer and vibrations.

CROWN

CROWN PITMAN ARMS

If you've just lifted your Jeep, use a dropped Pitman arm to reduce the drag link angle and help get rid of bump steer. Trail-tested and endorsed by Jeep enthusiasts worldwide.

ENERGY SUSPENSION

BUSHINGS - Hyper-Flex Master Bushing Kits

Energy Suspension's bushing kits can help increase the performance of your Jeep and functionality of your bushings with their solid polyurethane fabrication, which far outlasts and outperforms standard rubber bushings. It gives enthusiasts better overall performance on-and off-road.

DAYSTAR

DAYSTAR LIFT KITS

Daystar Lift Kits are designed to work with stock suspension components. The moderate lift kit reduces front-end sag while increasing clearance and improving performance.

ROUGH COUNTRY

ROUGH COUNTRY BODY LIFT KITS

The 1-1/4" spacers nest with factory body mounts keeping the body properly aligned with the frame. This provides lift while retaining the noise and vibration canceling characteristics of the factory mounts.

CONTROL ARMS

RANCHO CONTROL ARMS

Rancho Adjustable front, rear, upper and lower control arms for your stock or lifted Jeep. The Arms are made of heavy duty DOM tubing for improved strength to handle off road obstacles.

LEAF SPRINGS

CROWN

CROWN LEAF SPRINGS

Crown's Leaf Spring assemblies replaces original springs. Install in pairs to distribute weight equally for a level ride.

BODY ARMOR BUMPERS DOORS WINCHES FENDER FLARES

Exterior upgrades include everything from armor to protect your Jeep in the most treacherous terrain, to winches and jacks to keep you moving. Exterior protection that's essential when hitting the trails include rocker guards, bumpers, bull bars and light guards. This protection will help avoid serious damage when rock crawling or taking on the most extreme off-road challenges. If you plan on bringing extra gear for your adventure, JC Whitney has a large selection of exterior accessories to protect your Jeep now and save having to spend more later replacing parts damaged on the trails.

OUR TOP BRANDS...

FENDER FLARES

ARIES FENDER FLARES

Love the idea of getting a little dirtier without messing up your Jeep? You need Aries' fender flares for added protection from the elements – and the cool factor doesn't hurt, either. It will protect the paint and bodywork from mud, rocks and debris.

ARIES OFF-ROAD FRONT AND REAR BUMPERS

Aries' off-road bumpers provide stylish protection for your Jeep. Their modular bumper is different from other bumpers because it features a six-piece, modular design.

TOWING

BUSHWACKER FENDER FLARES

Rough up your Jeep with Bushwacker's rugged, durable pocket-style fender flares that install in minutes without any drilling necessary. Designed to withstand extreme temperatures.

CLIFFRIDE VENTED HOOD

The Lucerne Vented Hood gives your Jeep a bit more attitude – where under-hood temperatures are a concern. Two heat-extraction vents are located directly above the fan to help reduce under-hood temperatures.

CURT TOWING ACCESSORIES

Curt's Towing accessories are high quality equipment are reliable, affordable and unsurpassed in quality and aesthetics. Whether you are looking for a Hitch Receiver, Tow Ball Mounts, Plug-In Connectors or a Winch Mount, JC Whitney carries it all. Manufacturer lifetime warranty.

BODY ARMOR

ROCKER GUARDS

JC Whitney carries the widest range of Jeep rocker panel guards so you can have an easy time customizing your Jeep to suit your own style.

WINCHES

STEP BARS AND NERF BARS

Nerf bars are not only beautiful but functional, offering solid footing and rugged yet sophisticated style to your Jeep.

MILE MARKER WINCH

Mile Markers winches are an unmatched value in performance and reliability for your off-road vehicle. It is a corrosion resistant unit with continuous duty-cycle and element proof construction. Available as Hydraulic or Electric Winches.

AMP RESEARCH POWERSTEP

AMP Research Powerstep has an electric-powered mechanism which syncs with door motion. Extends when door is opened, retracts when door is closed.

SPARE TIRE

OVERSIZE TIRE CARRIER AND SPACER

This Tire Carrier looks like it came with your new Jeep but can handle much larger tires than factory carrier. Tire swings out with tailgate for smooth operation.

HITCH CARGO CARRIER

Hitch Cargo Carrier offers additional cargo-carrying capacity. Designed for extreme durability, steel constructed carrier rack is weather-resistant and has extended product life.

DOORS

ARIES TUBE DOORS

Aries's unique door design complements the look of your Jeep without sacrificing strength, integrity and safety. Get added visibility and ventilation to suit your driving needs.

AMERICAN JKU FREEDOM FASTBACK HARD TOP

Freedom Fastback Hardtop from American Fastbacks, drastically reduces cabin noise while protecting you from the open road. You can speak at a normal volume while riding in comfort. Custom design your own hardtop today!

AIR SCOOPS

Air Scoops forces cool air into your engine for better performance and increases the efficiency of both heater and air conditioner without compromising the look of your Jeep.

Interior upgrades will add style and protection to your Jeep. If you're looking to replace beat up seats or maybe you want added support and comfort with a bucket seat, JC Whitney has some great seating options. If you want to keep your seats and floor free of dirt, dust and water, seat covers and floor liners from the top brands will get the job done. Both will protect your interior while adding a custom look.

Don't forget to get a sound bar or speaker system to listen to your favorite tunes without having to crank the stereo to 10 while driving with the top down!

OUR TOP BRANDS...

BESTOP UNDER SEAT STORAGE LOCKER
Bestop Under seat Storage Locker maximizes unused space and conceals valuables under seat. The carbon steel box conveniently mounts beneath the driver's seat using OEM riser bolts; does not interfere with seat adjustment.

WEEGO JUMP STARTER
Weego Jump Starters are there for you when you're stranded and need a juice boost, whether it's for your Jeep, truck, boat or even your smart phone you can count on Weego!

4WD PROS REAR SEAT RECLINER
4WD Pros Rear Seat Recliner will allow you to gain approximately 2.5 inches of rear seat recline (measured at headrest). The ability of the seat to fold up and down is not impacted and still functions as provided from the factory.

HUSKY FLOOR LINERS
These Husky Floor Liners are custom-fit and made with strong, rubberized thermoplastic material that is crack resistant and shields against gasoline, oil and other chemicals.

KLEINN HORNS
Kleinn Horns ingenious design bolts the horn portion to your Jeep's frame between the exhaust and drive shaft and the air system installs above the rear differential, keeping all parts in safe locations without compromising ground clearance.

TRAIL ROCKER ACCESSORY SWITCH PANEL FROM PAINLESS
You can control up to eight accessories on your Jeep with the new Trail Rocker Accessory SwitchPanel from Painless. It features pre-wired switches plus eight fuses and relays in a weather-proof housing that mounts easily with the powder-coated bracket.

GRAB HANDLES AND STRAPS
Grab Handles and straps help passengers get a grip and steady themselves during those jarring off-road rides. Also provides assistance getting in and out of vehicle and is great for driving on rough terrain.

WEATHERTECH DIGITALFIT FLOORLINERS™
WeatherTech High-Density Tri-Extruded (HDTE) material has a rigid core for strength, a special friction surface bottom for nonslip fit on your carpeting plus a pleasant-touch top surface. Guarantee a consistently accurate fit.

PAPAGO! MIRROR MOUNT DASH CAMERAS
Drive with confidence knowing that your PAPAGO! GoSafe HD full mirror mount dash cam will record any potential accident or incident. Clips over your rear view mirror – does away with bulk of other devices.

VDP OVERHEAD SOUND BARS
A roll bar is just a roll bar until you attach the Ultimate Sound Bar—a premium sound system. High impact plastic is covered in weather resistant fabric that matches factory colors and has speakers that are near ear level to provide the best sound quality while driving.

BEDRUG CARGO/FLOOR LINERS
Replace factory flooring with custom molded, direct fit floor and cargo liner kits from Bedrug. 100% waterproof and mold resistant, liners are thick enough to function as a barrier, dampening road noises and blocking heat from entering through the floorboards.

RT OFF-ROAD CENTER CONSOLES
Up your rig's style game with the seamless fit, functional design and fine quality delivered by RT Off-Road's consoles.

AIR INTAKES TUNERS ENGINE/DRIVE TRAIN EXHAUST BRAKES

Performance upgrades will give your Jeep more power and help you go just about anywhere. One common modification is replacing your factory air intake. A new intake will give you an increase in horsepower—perfect for plowing through tough terrain. New exhaust systems will also give you a boost in HP, plus better fuel economy. Constant braking while on the trails will wear down your rotors and pads. Swap out your factory brakes and get more stopping power with less wear. Finally, adding a tuner will optimize your Jeep for the best performance.

OUR TOP BRANDS...

EXHAUST

FLOWMASTER PERFORMANCE EXHAUST SYSTEMS

Get more horses, torque and mileage from your ride with Flowmaster's performance exhaust systems. They're dyno-tested to dramatically boost all these great things and available in an array of designs so you can choose from mild, moderate, aggressive or extremely aggressive exhaust tones.

K&N AIR INTAKES

High Flow Intakes gets greater airflow to your engine for a huge increase in horsepower and acceleration. Air Intake Kits System replaces the air filter and the entire air path to the engine to eliminate power-robbing restrictions. Also captures and holds enough dirt to last up to 100,000 miles before servicing.

RT OFF-ROAD STAINLESS STEEL BRAKE LINES

RT Off-Road Stainless Steel Brake Lines are designed for modified vehicles requiring additional length and performance. The additional length and stainless construction provides long lasting performance on modified vehicles.

RUGGED RIDGE AIR INTAKE SNORKEL

Rugged Ridge Air Intake Snorkel System relocates the vulnerable stock air intake location to help reduce dust clogged filters and the risk of hydro-locking your engine. It's engineered to allow the windshield to fold and doors to be removed.

POWERSTOP BRAKES

Powerstop brakes get 20% more stopping power than other street and off-road brands! Replaces stock brake package, improving brake strength with greater friction and reduced heat; recommended for when towing/hauling a large load, or simply adding a larger wheel/tire combination.

SUPERCHIPS TRAILDASH

With Superchips Traildash you can engage your lockers, bypass TPMS, and more with the Rubicon screen! The all-new EAS switch screen enables you to engage your lights, and other mods on your Jeep.

RT OFF-ROAD DRUM-TO-DISC BRAKE CONVERSION KIT

Dramatically improve braking with a Drum-To-Brake Conversion Kit from RT Off-Road. Perfect for Jeeps with oversized wheels and tires!

AFE INTAKE SYSTEMS

The AFE intake systems are used to increase air velocity, increase performance and improve throttle response while providing an aggressive underhood look. Keeps out hot engine air and is a hassle-free installation.

CROWN REPLACEMENT EXHAUST MANIFOLDS

Replacement exhaust manifolds from Crown maintains your Jeep® and restores it to like new condition. Helps engine breathe easy again, restoring lost power, pep and fuel economy.

YUKON DIFFERENTIAL LOCKERS

Yukon Gear's Zip Differential Lockers are fierce forged steel with chrome internals and a unique air-operated design that puts you at open differential to 100% locked up immediately — the ultimate on-demand traction set-up.

EXTERIOR/ INTERIOR ENGINE/DRIVE TRAIN COOLING TRANSMISSION STEERING & CLUTCH

Our replacement parts are perfect for swapping out anything inside or out that's worn or broken while still keeping the original look of your Jeep. Replace gouged or crushed body panels, leaky weatherstripping, or exterior parts that have been beaten down. Maybe your interior is showing its age. We have replacements to help bring it back to life or if your Jeep isn't performing as well as when you got it, it may be time to replace your Jeeps OE engine parts. No matter what you're looking to replace, you can find it on-line at jcwhitney.com.

OUR TOP BRANDS...

LOOKING TO REPLACE AN OLD, WORN OUT PART FOR YOUR JEEP? JC WHITNEY HAS WHAT YOU NEED! IF YOU DON'T SEE IT HERE, FIND IT ONLINE AT JCWHITNEY.COM

CROWN FENDER FLARES

Crack your OE fender flare? If so Crown's Fender Flares are an OE replacement that will make your Jeep look new again. Easy to install with stainless steel fasteners.

BESTOP SOFT TOP SNAP REPAIR KITS

Make your ride new again with this snap repair kit, designed specifically for Bestop soft tops

CROWN RADIATORS

Crown Radiators are designed to fit as well as operate just as your original. It is specifically intended to meet or even exceed OE parts standards.

CROWN REPLACEMENT WIPER WASHER ASSEMBLY

Helps restore proper operation for driving safety. Includes duplicate of original bottle, bottle cap, pump and filter kit.

REPLACEMENT DEFROSTER DUCTS AND PARTS

Replaces worn or damaged OE parts perfectly. Helps restore proper operation—puts heat where you need it without deteriorating from moisture or heat.

CSF RADIATORS

No matter which type of radiator you have, CSF has you covered with the same materials and style as OE. When you want the very best the aftermarket industry can offer, you want a CSF radiator.

CROWN GAS TANK

Crown Automotive offers replacement gas tanks for any Jeep dating back to the 1940's.

CENTERFORCE II CLUTCH KIT

Upgrading with a Centerforce II Clutch Kit is a better alternative than bolting in a stock clutch kit for towing, off-roading or if your Jeep has high engine with torque output.

CROWN STEERING BOX REPAIR KIT

Replace worn out or damaged steering box components and avoid a total steering box replacement.

CROWN STEERING SHAFTS AND COUPLINGS

Crown Steering Shafts tighten up sloppy steering. They are direct-fit replacements.

REPLACEMENT SWITCH PARTS

Original style replacements for old, damaged or malfunctioning parts.

REPLACEMENT DASH COMPONENTS

Original style dash components help you complete your interior restoration. Replace defective or damaged instruments perfectly.

AUTO METER DUAL AND 5-GAUGE DASH PODS

The perfect solution for mounting new gauge—they're custom-designed to fit your Jeep's model year precisely. Gauge pods are constructed of durable ABS plastic that can be painted to match stock interior. Easy to install—mounts securely to windshield's A-pillar.

REPLACEMENT INTERIOR PARTS

Replace your damaged Shifter Boots, Shifter Knobs, Wiper Pivot Cover, Door Latch Brackets, Paddle Handles and more.

CROWN REPLACEMENT INTERIOR MIRRORS

Complete mirror head and assembly.

INSTRUMENT PANEL COVER

Replace worn out or damaged instrument panels. Designed to OEM specifications.

WHEELS

TIRES

AXLES

WHEEL SPACERS

HUBS

Wheels and Tires greatly improve traction and performance in all-terrain environments and all-weather conditions. Whether traveling on pavement or something other than pavement, or a mix of both - JC Whitney carries the tires to get you through your next adventure safely and in style. Take your Jeep on any terrain while maintaining optimum performance across wet, dry, on-and off-road surfaces!

OUR TOP BRANDS...

WHEELS

METHOD WHEELS
